NEW ARMS SHIP RACES U. S. LAW

Delay in Signing Embargo May Permit Cargo To Leave 'Frisco for Spain

By The Associated Press
WASHINGTON Jan 7 — A parliamentary knot which held up signature of the speedily-enacted Spanish arms embargo gave rise today to the possibility of another race to ship war materials to the loyalist army

House and senate jammed through the embargo late yesterday with only one dissenting voice but a technicality may keep President Roosevelt from signing it into law until tomorrow after noon

Before that action could make the shipment illegal Richard Dineley San Francisco munitions dealer hoped he might be able to get a $4 507 000 cargo of planes and arms en route to Spain

Ship Eludes Law

One shipment of planes shipped by Robert Cusc of Jersey City was carried from New York on a Spanish freighter yesterday while the embargo resolution was rushed through congress

Administration leaders deciding at the last minute to try to halt Cuse's shipment, offered the embargo resolution in both house and senate after President Roosevelt finished his address in midafternoon

The measure blocking export of arms or munitions to either side in the Spanish civil war zipped through the senate 80 to 0 The house later approved it 403 to 1 and both bodies adjourned until Friday

The senate however had failed to authorize Vice President Garner to sign the resolution outside of a session That keeps it from the White House until the senate convenes again

When the house roll call started the freighter Mar Cantabrico was outside territorial waters with part of Cuse's $2 777 000 order of second hand planes and engines

The freighter was halted once by the coast guard for service in an action by two American fliers seeking pay for aiding the loyalists Customs officials decided however the papers couldn't be served and the ship continued on her way Her manifest showed she was bound for Vera Cruz Mexico

The embargo resolution as approved provides a $10 000 fine and five years imprisonment for violations

JULIANA MARRIES AMID DELIRIOUS DUTCH HUZZAS

Princess and Prince Bernhard Voice Vows in Town Hall, Then Proceed to Colorful Church Ceremony

By The Associated Press
THE HAGUE Jan. 7 — The Netherlands royal maid Crown Princess Juliana became the bride of German Prince Bernhard Zu Lippe Biesterfeld today amid the rejoicing of two million subjects in this land of tulips and windmills

First at a quaint townhall civil ceremony then in the historic color splashed Groote kerk Juliana and Bernhard pronounced their vows

Delirious cheers swept across packed streets as the prince and princess started from the royal palace in a golden carriage to be married first civilly at the town hall and then in great St. James church according to the customs of the Dutch Reformed church

Juliana was resplendent in a wedding dress that glittered under a silver robe Bernhard flashing an unceasing smile was a handsome figure in the full dress uniform of a captain in the Blue Hussars

The day was cold and cloudy and a high wind whipped flags as the procession wound through the ancient capital's narrow streets to the great flag draped town hall

Seating them before a red covered table in the great wedding room the burgomaster Dr S C R De Monchy asked Bernhard

Do you confess your willingness to take Juliana as your legal wife and to support her wherever she goes?

Yes the prince replied clearly

When the burgomaster asked Juliana the counterpart of the same question she answered in a hesitatingly but in a low hushed voice yes

Then the Burgomaster said placing their hands together under Dutch law I declare you to be married and am now entitled to address you as your highnesses

Before performing the ceremony Dr De Monchy received the nodded approval of Queen Wilhelmina the bride's mother and Princess Armgard Bernhard's mother

Enthusiasm for the marriage of Queen Wilhelmina's only daughter future ruler of this land of dykes and windmills and its vast colonial empire was unbounded

A cordial telegram from Reichsfuehrer Adolf Hitler of Germany to Queen Wilhelmina dispelled any fear The Netherlands first royal marriage since 1901 would not be the family wedding the queen had hoped for

Possibility of an international incident which had troubled the nation during the gay week of pre nuptial festivities was believed ended by der fuehrer's message wishing the crown princess happiness in marriage

At the same time in the little town hall at Oesigeest village simple farmer folk gathered to attend the civil marriage of the other Julians.

The peasant girl and Martinus Van Stijn her sailor fiance shared the nation's rejoicing because—both Julianas having been born the same hour of the same day 27 years ago—theirs was the only other wedding permitted in Holland today

LOCAL RELIEF PLAN NOT TO BE CHANGED

Commissioners Instruct Abel To Continue Distribution on Present Basis

County commissioners yesterday advised County Relief Director John Abel to continue caring for the 802 relief cases in the county on the same scale as in the past indicating they expected quick action by the legislature in enacting a new relief bill Their conference with Mr Abel followed a trip to Columbus to interview the state relief commission on how to proceed with the relief work here in face of a virtual absence of funds resulting from the failure of the lame duck session of the legislature to reenact the old relief bill which expired Dec 31

Nothing definite was determined on procedure either at the meeting at Columbus or here yesterday Mr Abel said It was decided however not to change during this month the old plan of furnishing fuel and food to families In addition relief families will share from time to time in distribution of food from the federal surplus commodity corporation

Mr Abel believes the situation is not as discouraging as it seems on the surface and expressed the opinion that when the new relief bill is enacted shortly it will be retroactive to Jan 1 and thus provide for this month's bills In addition there is a possibility the county may be able to share in a state fund ear-marked for distressed counties, he said.

PROPOSALS CONSTRUCTIVE

Would Bar War Materials, Volunteers and Financial Aid to Both Sides

By The Associated Press
Germany in unison with Italy accepted a Franco-British proposal for the stoppage of foreign volunteer enlistments for Spain tonight on the condition an all-embracing plan be formulated to prevent all forms of Spanish interference—direct or indirect

That said responsible persons was the tenor of a note delivered to French and British embassies here

Under its terms the nonintervention committee in London would be asked to elaborate such a general scheme for strict control of foreign aid either to the Spanish Socialist government or to the fascist insurgents of Gen Francisco Franco

(The Italian reply delivered to Franco British envoys in Rome at about the same time was said by an authoritative Italian source to have contained far reaching constructive proposals for barring war materials volunteers and outside financial aid to the Spanish fighters)

Observers pointed out British men-of war were moving toward Spain in sufficient numbers to enforce a blockade of the peninsula should such action become necessary

A statement in Glasgow last night by Sir Thomas Inskip defense coordination minister that there

Police Federal Agents and Newsmen Leave Mattson Home Unguarded

By The Associated Press
TACOMA Wash Jan 7—Charles Mattson's kidnaper was afforded full opportunity today to collect freely the $28 000 ransom he demanded and to return his victim

The kidnaper was assured of safety by complete inactivity of all law enforcement agencies The department of justice state patrol men and city police all have acquiesced to the plea by Dr W W Mattson that no action be taken which might endanger the life of his 10-year-old son held captive 11 days.

Even the corps of newspapermen and photographers which has been at the Mattson residence since Dec 27 was absent today to give the kidnaper an open road to give the family

The kidnaper could do almost anything he chose without official interference

Reports from Shelton Wash yesterday that two men purchased clothing for a boy of Charles age were accepted by the department of justice but not investigated

Officers here manifested no interest in kidnap clues from Spencer Ia San Francisco and Las Vegas Nev

There was no indication early today the ransom has been paid The boy had not been returned

Belief the payment still pended was based on a second voluntary statement to the press given Wednesday by Dr Mattson In it he asked newspapermen to follow the example of law officers in allowing him free rein in his dealings with the kidnaper The doctor requested the watch be removed from his home stories of advertisements believed to be contact of facts be stopped and his personal activities be left free of surveillance

Newspapermen complied with the doctor's plea almost immediately Reporters deserted the smokiest vacant lot campfire around which they have shivered for 10 days

ROOSEVELT HAS HILL GUESSING

His Plea for Liberalized Court Threatens To Split Congress Into Factions

ARMS EMBARGO PASSED

Budget Message Tomorrow Will Also Ask Relief Funds To Carry Over Until July.

By The Associated Press
WASHINGTON Jan 7—President Roosevelt had congress kissing today about his outspokenness toward the courts and plans for wage and hour legislation

Awaiting definite indication how far he would go party ranks threatened to split into factions as the alternatives became plainer Both houses were in recess but that meant only the transfer of the arguments to private quarters

The legislators speculated whether Mr Roosevelt had a specific course in mind to assure a liberal interpretation of the Constitution by the supreme court

Wants Viewpoint Changed

They had noted—and many Democrats cheered—the cryptic way in which he told congress yesterday means must be found to adapt the judicial viewpoint to the actual present national needs

The discussions were subordinated to neutrality for a brief time Votes of 80 to 0 in the senate and 403 to 1 in the house to ban arms shipments to Spain disposed of that question temporarily however and attention swerved to the prospective Roosevelt recommendations

His next message tomorrow will transmit the budget for the fiscal year beginning in July and request a supplemental relief appropriation to carry until then

Budget Surprises" Forecast

Administration leaders predicted surprises in the budget, No substantial cutting down of relief was expected but a closer approach to pay as you go was hinted

Vice President Garner's signature to the embargo resolution will send it to the White House tomorrow, as the first item on the program

Next will come action to extend the Reconstruction corporation's lending authority, the President's power to change the gold value of the dollar, and the $2,000,000,000 stabilization fund

Leading up to wage and hour regulation, Mr. Roosevelt said he would submit recommendations

LITTLE HOPE OF PAROLE

Only Word Is "Thank You" as Judge Young Passes Long Sentence.

The doors of Ohio penitentiary were to swing open tomorrow to admit Charles M Warwick 48 year-old Marion county farmer, who late yesterday was sentenced to life imprisonment for the pitch fork handle slaying of his wife Laura Eva 74 last Sept 16

The sentence was pronounced by Common Pleas Judge Hector S Young after he had accepted Warwick's plea of guilty to second degree murder

These unexpected developments cut short preparations for Warwick's trial on an indictment charging first degree murder It had been set for Feb 8

Warwick was quoted as saying I'm satisfied after he had entered his plea and had been sentenced by the court He maintained his customary quiet meekness during his brief appearance in the courtroom Asked by Judge Young if he had anything to say before sentence was pronounced he answered No

After Judge Young had sentenced him he said Thank you in a low voice and was taken back to the county jail to await his removal to the penitentiary.

Little Hope for Parole

Court officials said he has no hope of parole before 15 years, Judge Young this morning said he felt Warwick's advanced age and evident mental and physical condition warranted acceptance of the plea of guilty to the reduced charge

Prosecuting Attorney Paul D Michel who consented to the reduction of the charge said he had no comment to make excepting to point out that the penalty for second degree murder was virtually the same as the sentence provided by law in the event Warwick had been found guilty of first degree murder with a recommendation of mercy He also said trial costs probably would have been around $750 in addition to the $300 fee allowed William K. Davis Warwick's attorney, for representing him

Mr Davis this morning said Warwick had been considering offering a guilty plea to second degree murder for several days and that he indicated yesterday he was ready to submit it to the court

At the county jail where Warwick has been regarded as a model prisoner it was reported Warwick appeared noticeably relieved after making the plea and receiving sentence

The courtroom was nearly empty when Warwick was taken before Judge Young to enter his plea

Quarrel Over Flower Seed

Although authorities were told at the time of the fatal assault that several years of strained domestic relations were in the background of the Warwick case, the specific incident that apparently led to the murder centered around some flower seed Mrs. Warwick had placed in the kitchen cabinet.

In his confession to police, Warwick said that on the Monday preceding the Wednesday attack his wife had accused him of burning the flower seed. He said he had denied this and in the quarrel that followed she struck him several times with a cane Also, he said the quarrel was resumed on Tuesday, resulting in his determination to "get even."

He said he obtained a section of a pitchfork handle, placed it on the rear porch and awaited an opportunity to use it.

The opportunity, he related, came on Wednesday morning when his wife was hanging up sacks of hominy on the wall above a landing at the top of the stairway.

He said he struck her twice on the head as she stood with her back toward him, Authorities, however, found evidence that the attack was continued in the basement. A neighbor woman said she heard screams over a period of approximately 10 minutes, but did not go to the home because she knew of the family's troubles and feared Warwick.

Neighbor Calls Doctor

Mrs Warwick lay in the basement until Dr M F Antheim, county coroner and Warwick family physician, was called by a neighbor who was told of her injuries by Warwick. The neighbor said Warwick asked that a doctor be called approximately one hour after the screams were heard. Warwick insisted he intend[illegible] Antheim be called within 15 minutes or only long enough [illegible]

125 Taken from Rolls So Far and Replaced by Men Now on Direct Relief.

"Weeding out Marion county's WPA rolls of persons not actually in need of assistance is about two-thirds completed with 125 persons removed thus far County Relief director John Abel said today The investigation of the rolls to determine how many workers had private incomes sufficient to meet their living expenses was ordered last month by the federal government.

Of the 125 persons removed about 40 were shifted from WPA to direct relief because of physical disability while the remaining 85 were taken from government and county aid entirely because of adequate private incomes

The places of the 125 were filled by transferring needy persons from direct relief to WPA Mr Abel said The relief rolls now number 802 cases and WPA rolls about 825 a reduction in WPA of the 85 cases which were removed not rely from government assistance

The work of checking the financial statements recently submitted by WPA workers showing their private income is being done by three investigators at the relief office Mr Abel said He expects the remaining 300 cases to show a smaller percentage of persons discharged because most of the physically disabled workers were included in the first cases investigated

Meanwhile the district office at Sandusky is conducting a similar investigation of persons certified for but not actually working on WPA Rivera forms were mailed from Sandusky to each persons who were interviewed or otherwise to Sandusky After checking the forms are returned here for further checking and possible cancellation of the present certification for WPA work Mr Abel said Thus far only a few have been received here from Sandusky

S. Young, the second delegate, said he expected to leave tonight or tomorrow.

John K. Bartram, president of the local association, left this morning, as did H. Alfred Donithen. Other attorneys said they may attend some of the sessions.

The convention was to be opened today with a meeting of the committee on unauthorized practice of law. Discussions of taxation, real estate and insurance are among the subjects due for consideration, The Associated Press reported.

Joseph L. Stern of Cleveland, chairman of the committee on unauthorized practice of the law, announced last night that his report would strike at corporations formed for the purpose of practicing law and the use of radio for disseminating incorrect or incomplete legal information.

Two prominent figures in the legal profession united in attacking radio broadcasting of court procedure as "not conductive to public welfare or to fair and impartial administration of justice."

Joseph L. Stern of Cleveland, chairman of the Ohio State Bar association's committee on the unauthorized practice of law, and Stanley B. Houck, chairman of the same committee for the American Bar association, are sponsoring a move to brand as unethical the appearance of any judge or lawyer on a commercially-sponsored radio program.

The resolution would forbid members of the legal profession to give legal advice or information on such a broadcast.

The Marion bar recently passed a resolution condemning such radio broadcasts.

RABBIT FOOT LOSES POWER FOR YOUTHS

Held in Jail in Connection with Clover Seed Theft.

Special to The Star

DELAWARE, O., Jan. 7—The power of a rabbit's foot to bring luck is on the wane as far as Carroll Lewis, 18, of near Marengo and Bill Keen, 22, of near Chesterville are concerned.

Arrested yesterday morning by Sheriff M. F. Pinney and deputies on charges of investigation when they attempted to cash a check for $104.76 in a Delaware bank, authorities found a rabbit's foot in one of Lewis' pockets.

Both youths confessed they obtained the check from a Delaware business house earlier in the day in return for clover seed which they admitted stealing from the farm of Dow and Mae Squire of Morrow county, the sheriff said. They were held in the Delaware county jail pending the arrival of Morrow county authorities.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of these amazing, nagging, painful backaches people blame on colds or strains often are caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking waste acids and poisonous waste out of the blood. Many people pass about 3 pints a day or 3 pounds of waste.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, lumbago, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

would be no army conscription during peacetime was taken to mean Britain was ready to draft soldiers immediately peace was endangered.

The British position to enforce isolation of Spain's "little world war" was considered in informed circles to be strengthened through American action to bar shipments of armaments to both sides of the civil conflict.

Speeding up of congressional action to strengthen American neutrality laws by removing any loopholes through which factions in a civil war might obtain aid was felt to have placed the problem definitely in the hands of Europe.

KILL THAT COLD

Give It No Chance to Survive Thru the Use of Half-way Measures!

Treat a cold to kill it, not to coddle it!

Many a cold lightly treated turns into something worse.

Hit a cold "where it lives"—in the system! That means to take an internal treatment.

Hit it with a cold medicine, not with a preparation good for all kinds of ailments.

Grove's Laxative Bromo Quinine is the treatment you want.

First of all, it is a cold tablet, made *expressly* for colds.

Second, it is internal medication and of fourfold effect.

Here's what it does:

First, it opens the bowels, an advisable step in the treatment of a cold.

Second, it checks the infection in the system, a vital step.

Third, it relieves the headache and fever.

Fourth, it tones the system and helps fortify against further attack.

That's the fourfold treatment a cold calls for and in Bromo Quinine you get it in the form of a single tablet.

Bromo Quinine tablets now come sugar-coated as well as plain.

The sugar-coated are exactly the same as the regular, except that the tablets are coated with sugar for palatability.

When you feel a cold coming on, don't "monkey around" with half-way measures.

Go right to your druggist for a package of Grove's Laxative Bromo Quinine tablets.

Start taking the tablets immediately, two every four hours. Used in time, Bromo Quinine will usually break up a cold in 24 hours and that's the speed you want.

TAKE WEIGHT OFF TIRED FEET

Lose Fat The Easy Way—Without Starvation Diets, or Back Breaking, Banting and Rolling Exercises.

If your feet and ankles feel tired and ache all over—because you are carrying too much fat—do something about it Try the treatment that has helped millions to reduce excess weight.

There's a reason why so many people find dieting slow and often times futile in reducing The reason, doctors say is often because a little gland is not working right.

All the blood in your body goes through this tiny gland sixteen times every day If it doesn't pour into the blood stream about one and one half drops of vital fluid every 24 hours, many people take on ugly fat. This fluid helps Nature to burn up excess food and fatty tissue in much the same way as a good draft acts in a furnace

Now, physicians combat this condition by feeding this gland the substance it lacks — and millions of pounds of excess fat has been wiped out in this way

Marmola Prescription Tablets are based on the same method used by doctors. So don't waste your time or money striving to reduce with starvation diets or back breaking exercises Start the Marmola treatment today that millions have used successfully to get rid of excess fat The formula is in every box so you know just what you are taking Don't wait —get a box of Marmola today from your druggist

...Is Meredith She Must Live To Live

...of a second ...Dr Gates dar... the slender ...thing returning ...ing oral instruc... Then I realized ...no risk what... ...a tenuous con...ding only to ...voice of the wo... While he listened ...held up into her ...ne eye he would ...sport of a cannon ...Dr Gates was thanking his own particular joss for the information that Katherine was a trained nurse which Miss Haskell evidently had conveyed to him by the wireless of the sick room. He did not wish to have any disturbance of the delicate wires holding Hal Meredith to consciousness and he feared the shock of having some hand other than Katherine's ministering to him in these first few minutes of restored rationality.

Katherine did not answer Dr Gates directly but as she answered Hal's pathetic query. Katherine! Did you die too?" "You weren't on the plane! I saw the physician's eyebrows straighten and knew that his own question. Can you go through with it?", meaning her giving a hypodermic to the injured man was being answered satisfactorily.

"Hal! Listen!" she was saying. "Hold tight to my hands while I tell you something wonderful. You are not dead. Neither am I. We are both alive."

Voice Still Puzzled

He lay so still for so long that I, who could not see him clearly, felt my pulses throbbing with fear. Had the assurance of being alive shoved him nearer the borderland of death?"

Then at last came the slow halting voice still puzzled.

But the plane fell! And I can't move! And you said you could never come to me. What happened? Where are we?"

"You're in a hospital badly hurt but alive and going to live!"

Her voice rose with the last words. It was almost as if she were sounding a clarion to him. And quickly countering came a question that sent the blood from her lips and cheeks.

"Do you want me to live?"

To the professional watchers it probably seemed the sentimental question expected from a man enough in love with a woman to keep calling her name while delirious. But to Katherine and to me, who shared her secret, those six words had a more sinister meaning.

She knew and I knew, that the question was a challenge to her. What Hal Meredith meant was:

Do you want me to live enough to share my life? If so I will live. If not I want to die."

Cannot Evade It

But there was no time for quibbling for evasion for soul searching. His very life might hang upon her answer. Time enough to retract her answer when he should be well enough to stand such a blow. But I did not know—and I wondered if Katherine did herself—whether she answered his unspoken question in the affirmative when she said tenderly:

"Of course I want you to live Hal. But you must let me take care of you now, so that you will begin to get better. Will you let me do something for you now that is going to help you?"

While she had talked, Miss Haskell had prepared a hypodermic under Dr Gates direction. And directly behind Katherine, as if by magic there appeared a tiny table on which were the things necessary for the administering of the drug to which I felt that the physician had pinned his faith in the slender hope of a miracle.

I could not see the expression of Hal Meredith's face but his voice held infinite trust and peace.

"Do anything in the world you want, my darling."

PHILLIPS' MILK OF MAGNESIA

Your Health

BY DR. R. S. COPELAND

Bronchial Ailment.

A great many confuse two diseases: bronchitis and bronchiectasis. Recently I told you about the many causes of bronchitis, which is really an inflammation of the bronchial tubes.

"Bronchiectasis" is a big name. It is applied to an ailment differing from bronchitis in that the tubes or "bronchial pipes" become stretched. They are dilated to such an extent that there is produced a marked weakness of their walls, with more and more stretching. Ultimately, an inflammation is produced, making the ailment closely resemble bronchitis.

The victim of the disease suffers from persistent cough. This is the reason it is often confused with bronchitis. But the cough is more severe and persistent. As a rule, it is made worse, by certain positions of the body and is more troublesome at night.

The excessive amount of saliva and sputum raised in coughing is a symptom of this disease. Night sweats, fever and even asthma may be present. The last complication leads to difficulty in breathing and more distress.

It is rather remarkable that in the advanced stages of bronchiectasis there may be "clubbing" of the fingers. That is, the fingers no longer have their normal appearance but become broad and spade-like. In some cases, the hands and feet become enlarged, assuming misshapen forms.

Though bronchiectasis is most frequently encountered in adults in rare instances it is found in children. Repeated attacks of colds, nasal sinusitis, tonsilitis and other infections of the upper parts of the breathing tract are possible causes of this disease. A person who is underweight, undernourished, anemic and has poor vitality is in danger of becoming a victim of this affliction.

It perhaps is not remarkable that the disease is overlooked or is thought to be bronchitis. An X-ray examination reveals the true nature of the condition, showing the stretched and enlarged bronchial tubes.

The treatment depends upon the individual case. In every instance, effort must be devoted to building up the general health of the patient. He should have an abundant supply of fresh air, sunshine, proper food and necessary hours of rest and relaxation.

Dr. Copeland is glad to answer inquiries from readers who send an addressed, stamped envelope with their questions. Address all letters to Dr. Copeland in care of this newspaper.

Season's Busiest Week-end Awaits Basketball Fans

CITY, COUNTY AND DISTRICT TEAMS TO FIGURE IN CONTESTS

Harding To Meet Bucyrus, St. Mary Squad To Play Morral, Caledonia.

For the first time since the opening of the 1936 37 basketball season every city and county scholastic quintet will participate in the activity of a single week end City teams will be active on home and foreign courts while in the county cage league both boys and girls' clubs will battle for loop honors

Marion's Harding High Presidents will engage in but one contest this week at Bucyrus, Friday night when both varsity and reserve teams of the two schools meet in North Central Ohio conference competition The game marks the first engagement between the two schools since the readmittance of the Crawford county team to the N C O league last spring

To Play Friday Saturday

Marion St Mary Parochial High school will be busy both Friday and Saturday nights in games to be played at home and abroad Friday night the St Mary varsity club will travel to Morral High and the following night will entertain the Caledonia High cagers on the Shovel gymnasium court As a preliminary game to the home contest the St Mary junior high quintet and the Vernon Heights Junior High team will clash just before the St Mary-Caledonia varsity meeting at the Shovel gym

The 1937 schedule of the city's junior high school loop will open Friday night when teams from Edison and Central Junior High schools clash on the Y M C A court Both varsity and reserve teams will participate in the program with the first game starting at 7 o'clock The contests will mark the opening of a six game program in which the three schools Vernon Heights Edison and Central, are to participate

In the county high league all of the entries excepting Morral will be busy with loop encounters Green Camp travels to Agosta Waldo treks to Caledonia Kirkpatrick entertains Pleasant Claridon invades Martel and Prospect meets LaRue on the latter's court in the Friday night round of games The contests mark the seventh round of a 12-game schedule and several undefeated teams in the two leagues will be battling to keep their honors in fact

Agosta Undefeated

In the boys division Agosta High is the only undefeated quintet while in the girls competition Waldo and Kirkpatrick are knotted for loop leadership both with four victories in as many games If the two girls teams score victories in this week's games the two teams will have plenty at stake when they face each other next week on the Waldo court

District and other North Central Ohio league teams will also be active in this week's cage schedule which appears to be one of the brightest offered basketball followers this season Cage fans have a wide variety from which to select a favorite contest and attendance throughout the city, county and district should be heavy

In other N C O games aside from the Bucyrus-Marion game Shelby will travel to Mansfield and Galion will invade Ashland Other Friday night games in the district are Mt Gilead at Cardington Upper Sandusky at Fostoria St Wendelin Ashley at Sunbury Allen at Broadway, York at Richwood Sparta at Gambier In addition to the Marion St. Mary-Caledonia game on the Shovel court Saturday night another contest of interest is scheduled for the district Mt Vernon an N C O team will travel to Newark to meet the team which last year was the nemesis of Marion in the district tournament at Delaware and which later annexed the state championship in the tourney at Columbus

REPORT KELLEY TO JOIN DETROIT PRO FOOTBALL TEAM

Yale Ace Said To Have Agreed To Play With Lions Next Fall.

By The Associated Press

DETROIT, Jan. 7—The Detroit News says Larry Kelley, Yale's All-American end, has agreed to join the Detroit Lions professional football team next fall.

The News quotes George A. Richards, owner of the Lions now in Los Angeles, as saying Kelley had promised him to report in Detroit as soon as he graduated in June.

The Lions, who won the 1935 league title but finished in third position in the Western division last fall, drew Kelley in the National league draft last month. Richards and Earl (Dutch) Clark, the Lions' new coach, are both in Los Angeles and conferred yesterday to map plans for rebuilding the Detroit team.

Biggest Crowd in Tennis History Sees Perry Win

Lion-Hearted Briton Upsets Ellsworth Vines in Madison Square Garden in Pro Debut.

BY PAUL MICKELSON

NEW YORK, Jan. 7—Fred J. *Perry, lion-hearted Briton, tucked* Ellsworth Vines' scalp among his souvenirs today as the befuddled tennis experts yelped for aspirin.

Before the largest throng in the history of tennis anywhere, 17,630 sitting and standing customers who paid $58,119.50 to see the show, Perry made his professional debut at Madison Square Garden last night by upsetting Vines 7-5, 3-6, 6-3, 6-4.

Hardly a recognized tennis expert of note, except possibly a few foreign scribes who know the kind of a heart Perry has, gave *the dashing, clowning Briton a* ghost of a show against the lanky Californian with the deadliest forehand in the net world.

But Perry turned the trick and even made the great Vines look sicker than he was.

Vines, in justice to him, *was a* sick man as he squirred away with the abdicated amateur tennis king in the Garden, but it is doubtful if he were sicker than Perry. After the match, Perry lay on the rubbing table for 20 minutes, *coughing and gasping. Vines*, crestfallen, undressed hurriedly, took his shower and said nothing.

"You can see Vines wasn't at his best, that he was weakened by his bad cold," said Perry between coughs. "I beat him by 24 hours. If I had played him a night earlier, he would have done much better."

"Yeah," muttered George Lott, who had placed a good bet on Vines, "but Perry played a great game. I don't know if Elly could have licked him at his best. Perry was great tonight."

Big Bill Tilden thought the same thing, calling attention to the fact that Perry was handicapped by playing indoors on a canvas covered court.

Another singles match and a doubles encounter were also on the program, with Lott topping Bruce Barnes of Texas 8-2, 5-3 in the singles and Tilden and Barnes beating Perry and Lott 6-8, 6-2 in doubles. The singles match was called off in the second set to permit the feature clash to start on schedule.

WITHDRAW CHARGES AGAINST TWO MEN

Plans to extradite two men from Detroit on charge of embezzling funds from a Marion sales agency were abandoned yesterday when company officials withdrew their charges. Prosecuting Attorney Paul D. Michel said today. The men, Lawrence Pershikoff and Lawrence Tower, were accused of selling kitchen ware for the DeLuxe Sales Co. on Campbell street and keeping the proceeds. The charges involved $623.42.

Joseph Sayer, district manager of the agency, withdrew the charges yesterday and paid the costs of the case thus far, Mr. Michel said. Sheriff Fred F. Miller and Walter D. Moore, assistant prosecutor, had obtained extradition papers at Columbus Tuesday.

PENSION FINANCING BILL GOES TO DAVEY

Assembly Officers Sign Measure Appropriating $30,000,000 from Liquor Revenues

By The Associated Press

COLUMBUS O Jan 7 — House and senate officers signed a bill appropriating $30 000 000 from liquor department revenues for old age pensions at skeleton sessions today and sent it to Gov Martin L Davey

Both houses passed the bill Tuesday Since the Ohio pension system was set up its profits and revenue from a $1 gallonage tax have gone to provide aid for aged

The $30 000 000 an allocation for two years—will be supplemented by a similar amount from the federal government

Following the brief skeleton sessions both houses adjourned until 10 a m Monday

Administration sponsored bills to reorganize the state tax commission reduce county shares of state automobile license fees and alter financing of the liquor department were before the house

The bills came on the heels of Gov Martin L Davey's message calling for greater economy and assumption by local governments of a greater share of their own expenses

Rep Jacob Davis Democratic floor leader in the house introduced the tax commission measure which would reduce the membership from four to three raise their salaries from $5 000 to $6 000 annually and name a tax administrator at $7 500 The administrator would have charge of all levies such as sales and liquid fuel and would control personnel The commission would supervise county taxation real estate levies and similar matters

A bill by Rep Samuel A Anderson Democrat of Licking would reduce from 47 to 20 per cent county shares of the automobile license fund and would raise the state's road maintenance share from 27 to 50 per cent

The liquor department which now pays its own expenses out of operating income would be required to turn in all money to the treasury and would receive instead appropriations of $5 000 000 a year for salaries and maintenance and $105 000 for auditing

LIFE PRISON TERM FACED BY WARWICK

(Continued from Page One)

of the biggest blood stains on the walls and floors of the landing and basement

Dr Axtheim ordered Mrs Warwick rushed to the City hospital where she died a few hours later However she was able to give Prosecuting Attorney Paul D Michel a death bed statement of what had happened The statement was taken in the presence of Warwick who at that time denied her charges that he had struck her on the head as hard as he could several times She accused him of lying when he insisted she had fallen down the cellar steps

Warwick was taken to police station for questioning after his wife had given the prosecutor a statement at noon During the afternoon Warwick was defiant and made repeated denials of attacking his wife until Prosecutor Michel who had been occupied by a grand jury session arrived at 4 30 p m and told Warwick that his wife had died The accused man then gave a confession to a stenographer admitting he had assaulted his wife

Helps Search for Weapon

He was taken immediately afterward to the farm home which is on the Russel road three and one half miles south of Caledonia to help authorities look for the weapon He searched several places and reported he could not find it However when Sheriff Fred F Miller found a section of fork handle under a shed along with blood stained sacks of beans which Mrs Warwick had been hanging in the cellarway when her husband attacked her he said This it

Warwick maintained composure except for his defiance during the early part of the police quiz even when confronted by his children after the search had been made for the weapon He showed no signs of emotion during and after the search When the club had been found he calmly asked a deputy sheriff for permission to change from his farm clothes to better clothing before going back to the jail and made arrangements with neighbors to look after the chores on the farm

Warwick was charged with first degree murder and taken to county jail where he has remained since the day of the fatal assault excepting for his appearances in court He pleaded not guilty to a first degree murder charge when arraigned in municipal court was bound over to the grand jury without bond and last month was indicted on a charge of first degree murder at a special session of the September term grand jury

Again he pleaded not guilty when arraigned in common pleas court, and his trial date was set for Feb 9

Warwick known as a mild mannered man is slight of build and weighs only 125 pounds He and Mrs Warwick were alone on their farm home for four years prior to the fatal assault and were home-loving persons seldom leaving the farm even for visits

Warwick had an automobile but had not driven it since Clarence the last of his children to leave home moved to Marion four years ago

The Warwicks had been married 46 years and were lifelong residents of near Claridon

of striking employes and prospects for opening of direct negotiations between the two sides looked good

The governor came to Detroit at the invitation of James F Dewey department of labor conciliator seeking to avert the threat of a general strike in General Motors automotive divisions

Returns to Capital

After talking with corporation heads and with the strategy board of the United Automobile Workers Murphy returned to Lansing the state capital to address the Michigan legislature

The governor would not say that a conference between union and General Motors leaders was a certainty but said he would keep in constant touch with Dewey

The federal conciliator returning for another conference with William S Knudsen executive vice president of General Motors said the union had declined to remove its members from the Fisher body plants at Flint Mich held by sit down strikers since Dec 30

Nineteen General Motors plants remained strike bound — either closed entirely or operating on a restricted basis—and more than 50 000 employes were idle In addition unnumbered thousands of employes in factories supplying the large automobile producing concerns with materials were out of work because of a reduced demand for their products

Fist Three Forms

High executives of General Motors were known to have advanced three terms under which they would meet with officials of the union *and federal labor conciliators* These were

1 General Motors agrees not to try to operate the strike bound plants during negotiations

2 Sit down strikers must evacuate the plants before the negotiations open

3 General Motors agrees to deal with the United Automobile Workers as representing its members employed by the corporation but not as the sole bargaining agency representing all employes

The union authoritative sources said accepted the first and third points

Restrictions at Dayton Institution Carried Out To Avoid Spread of Flu

By The Associated Press

DAYTON O Jan 7—Some 4 000 residents and employes of the national military home today were under quarantine restrictions imposed on the institution in an effort to avert spread of influenza

Col Charles W Spofford manager of the veterans facility (or hospital) decided upon the step at a conference yesterday with R H Bryant chief medical officer and H P Floyd clinical director

Approximately 1 000 employes most of whom reside outside the home grounds didn't care much for the idea Col Spofford declared After being warned of dangers attending contact with crowds and advised of precautionary measures they were permitted to go to their own domiciles

The quarantine was imposed officers explained not because of the current situation but to guard against undue spread of influenza and frequently attending pneumonia Sixteen persons were under treatment in the hospital

Stations in surrounding counties did rush businesses Paul Lavo truck drivers business agent predicted that the strike would spread to include nearby Stark Mahoning and Trumbull counties unless this deadlock is broken

The Cleveland Federation of Labor late last night voted unqualified support for the United Automobile Workers union at the Fisher Body Co plant there which employs 7 000 of Ohios strike idle 20 000 workers

The action was similar to that of the Detroit Wayne county Federation of Labor and the central labor council of Cincinnati where United Automobile Workers were authorized to visit other unions in search of financial aid for idle employes at the Chevrolet and Fisher body plants in Norwood Cincinnati suburb

Dick Coleman of Kent spokesman for United Automobile Workers engaged in a month old sitdown at the Hercules Motor Corp plant in Canton said today conferences in progress for two days had produced no immediate hopes of settlement

per on slum clearance low cost housing aid to farm tenants and broadening of the social security act

Action by the separate states to protect the laboring man and assure a just return for agricultural labor was a proper impost by the state and federal laws supplementary state laws are needed

Dual Program Forecast

From this some reports judged that a federal-state wage and hour program may be attempted possibly using some device such as the tax remittance in unemployment insurance security act to raise wage conditions

One plan according to reports would give a federal agency power to fix minimum wage and maximum hour standards for firms in interstate commerce The term interstate commerce would be redefined to cover all industries but exempt local enterprises

The President's stand at an increasingly enlightened view of the Constitution was needed brought conflicting reactions from his supporters

Most who commented agreed with him Sen Adams Democrat of Colorado and some other held however that a constitutional amendment enlarging federal powers should be submitted if the issue is to be faced squarely

Justices Silent

The justices had nothing to say publicly about the situation but it was taken for granted they were watching the national reaction as well as the White House and congress

Contending amendmen of the Constitution was not necessary the President said

Difficulties have grown out of its interpretation but rightly considered it can be used as an instrument of progress and not as a device for prevention of action

YES, EZRA AND JUDY WERE MARRIED CHRISTMAS DAY AND THEY LEFT IMMEDIATELY FOR A HONEYMOON ABROAD!
WELL, FOR PETE'S SAKE! WHAT ARE HIS PLANS AFTER THAT?
WHEN HE RETURNS HE'S GOING TO MAKE "EZRA POOCHEY" HIS LEGAL NAME... THEN HE'S GOING TO LOCATE AND REWARD THE OLD COUPLE WHO RAISED HIM....
THIRD, HE'S GONNA PUT UP A MONUMENT FOR HIS RACE HOSS AND THEN HE'S GOING TO BUY A TRAILER SO HE AND JUDY CAN TRAVEL ABOUT THE COUNTRY!
HE'S A QUAINT CHARACTER AND HE HAS QUAINT WAYS, BUT AFTER ALL IT'S HIS MONEY!
COME ON, TOOTS—THIS IS MY DAY TO TAKE YOU ON A SHOPPING SPREE, AND WE COULDA BOUGHT THREE DRESSES WHILE I WAS TALKIN' TO THOSE GUYS!

HONEST TO GOODNESS, MADAM MARVELLO CAN LOOK INTO THE FUTURE - JUST LIKE IT WAS A PANE OF GLASS - SHE KNOWS EVERYTHING
NONSENSE - SHE JUST HANDS OUT A LOT OF SMOOTH TALK
SMOOTH TALK - HUH? SHE TOLD MY HUSBAND WHERE TO DIG HIS WELL - HE STRUCK AN UNDERGROUND SPRING THE FIRST DAY - WHEN I LOST THE LOCKET WITH MY MOTHER'S PICTURE IN IT - WHO FOUND IT FOR ME?
YOU MEAN THIS MADAM MARVELLO CAN FIND ANYTHING THAT'S LOST?
SHE KNOWS EVERYTHING - SHE CAN FIND ANYTHING - ASK ANYONE IN TOWN - SHE NEVER FAILS
GEE, ZERO, AIN'T KIDS LUCKY WHEN THEY KIN GO TO SCHOOL AN' LEARN TO BE SMART? YOU KNOW I ALWAYS KEEP WISHIN' I COULD GO TO SCHOOL - 'COURSE, I CAN'T, 'CAUSE I'M AN ORPHAN WITH NO FOLKS - BUT I GUESS THERE'S NO HARM IN WISHIN'

REMEMBER MAGGIE - WHEN "SPIKE" HARRISON BROUGHT HIS HARP TO THE PARTY - BUT NOBODY ASKED HIM TO PLAY—
AND YOUR COUSIN "SNIFFY" WAS ALWAYS PLAYING "SOLDIER"— BUT WHEN TH' BIG WAR STARTED - NO ONE COULD FIND HIM UNTIL ARMISTICE DAY—
HOW FUNNY YOUR UNCLE "HATCHET-FACE" LOOKED ON A HIGH BICYCLE - AND HE LOOKED JUST AS FUNNY WHEN HE WASN'T ON IT—
GREAT HEAVENS!
AND THE NIGHT YOUR MOTHER CAME HOME AND FOUND TH' GAS ON IN THE PARLOR AND TOBY ASLEEP ON THE PARLOR SOFA—
